The original IL Procurement Bulletin (IPB) located at [www.purchase.state.il.us](http://www.purchase.state.il.us) served as the Chief Procurement Officer for General Services' (CPO-GS) statutorily mandated bulletin. The web-based solution provided for public-facing access to procurement information and password protected input and storage of procurement information.

The original version of the IPB has been decommissioned and records within the password protected area are now located in the IPB Archive located at <https://ilgov.sharepoint.com/sites/eecipbarchive>.
