As we start establishing the Fiscal Year 2026 small business contracting goals, I applaud you for the thoughtfulness and effort that you put in last year and every day to help Illinois' small business owners participate in State procurement.

Requirements of Sections 45-90 and 45-45 of the Illinois Procurement Code

Section 45-90 establishes a goal that not less than 10% of the total dollar amount of State contracts are awarded as a contract or subcontract to small businesses. Pursuant to Section 45-90 of the Procurement Code, each State official or agency shall file with the Chief Procurement Officer an annual compliance plan outlining:

- 1) the goals of the State official or agency for Fiscal Year 2026,

- 2) the manner in which the official or agency intends to reach these goals, and
- 3) a timetable for reaching these goals.

The Chief Procurement Officer for General Services (CPO-GS) shall then review and approve the plan of the State official or agency. The CPO-GS may reject any plan that does not comply with the Section. Upon approval of an agency plan by the CPO-GS, State Purchasing Officers shall work with agency procurement staff to ensure that the terms of the plan are being implemented in the solicitation and contracting process.

Section 45-45 requires a report of contract awards that were set-aside for small business competition. Each State official or agency shall file with the CPO-GS an annual report of its utilization of small businesses during Fiscal Year 2025. The report shall include a self-evaluation of the efforts of the State official or agency to meet its small business contracting goals, including a report of set-aside contract awards.

Fiscal Year 2026 Small Business Contracting Compliance Plan

Each agency must provide its State Purchasing Officer with a Small Business Contracting Compliance Plan for Fiscal Year 2026 by September 19, 2025. Included with this notice is a template ("FY26 Small Business Contracting Compliance Plan Form") that may be used to comply with this requirement.

Agencies shall forecast their Fiscal Year 2026 projected awards using Agency purchase history and Fiscal Year 2026 anticipated purchases.

The CPO-GS will notify agencies that their plans have been accepted or rejected by September 26, 2025. If a plan is rejected, the CPO-GS shall provide the basis for the rejection.

Fiscal Year 2025 Small Business Contracting Annual Report

Each agency must provide its State Purchasing Officer with its Small Business Contracting Annual Report for Fiscal Year 2025 by September 19, 2025. Included with this notice is a template ("FY25 Small Business Contracting Annual Report Form") that may be used to comply with this requirement.

An Excel spreadsheet containing an agency's Notice of Award amounts for Fiscal Year 2025 will be forwarded to your agency's Agency Procurement Officer (APO) following issuance of this notice. The Notice of Award amount found on the BidBuy Purchase Order identified as "Notice of Award Amount: Initial Term Plus all Renewals" was used to calculate this total and may not represent all amounts awarded to small businesses. For example, it may not

contain information on purchases valued below \$2,000. Please review all data, check for accuracy, and correct any errors that are found.

Fiscal Year 2025 Small Business Set-Aside Program (SBSP) Contracts

Each agency must provide its State Purchasing Officer with data on contracts that were set-aside in Fiscal Year 2025 for qualified small businesses by September 19, 2025. Pursuant to Section 45-45 of the Procurement Code, the CPO-GS must provide the General Assembly with an annual report of all set-aside contracts to small businesses.

An Excel spreadsheet containing an agency's Notice of Award amounts for Fiscal Year 2025 will be forwarded to your agency's APO following issuance of this notice. Totals for "Agency Awards with Small Businesses Pursued as a Set-Aside" have been calculated utilizing the PO Notice of Award amount, the PO designation of yes or no in the "Is this a Small Business Set Aside Procurement?" field, and the PO designation of yes or no in the "Are you utilizing an active, registered Small Business Set Aside Vendor?" field. Please review all data, check for accuracy, and correct any errors that are found.

Small Business Reporting in SharePoint

Each agency must submit the FY25 Small Business Contracting Annual Report and FY26 Small Business Contracting Compliance Plan through the CPO-GS' Small Business Reporting SharePoint. Accounts have been created for APOs, and instructions for submission are included with this notice.

Training Date

All agencies are encouraged to learn more about how to comply with the requirements of this notice. The live webinar will be held this week to assist agencies in understanding the provided data and the attached forms.

If you are unable to attend the training, please note that Fiscal Year 2025 and 2026 data is to include solicitations that originated in the agency you are reporting for. Do not report releases off master contracts from CPO-GS, CMS or, DOIT. Do not report releases off your agency specific master contracts; only report the Notice of Award on an agency specific master contract itself awarded in FY25. Using the release award amount will inflate the awards that small businesses received and inflate the overall award amount of your agency, creating an inaccurate report.

Brianna Lopez will hold a webinar on Tuesday, **September 9, 2025**, 9:30 AM. The session will be recorded for review at your convenience.
