- Concur with the overall goal for the contract.
- Recommend the following adjusted goal to the contract:

Identify the Scope(s) of Work	All BEP Firms Available	All BidBuy Firms Available	Reason for Adjustment and/or Comments
			Master Contract for SPLUNK - all SKUs. SPLUNK is the currently SIEM (Security Information and Event Management) for the state's security and enterprise infrastructure. This is a Brand Name Procurement. DoIT checks the full list of Splunk resellers to see if any are BEP-certified firms. In this case, only one BEP-certified firm has now been identified – Kambrian. The nature of license and subscription purchases doesn't include a subcontracting scope of work because the items to be procured will be delivered electronically. DoIT requests this solicitation be published with the absence of a BEP goal.
