Notice 2019.04 General Services

To: Agency Procurement Staff
Central Management Services Bureau of Strategic Sourcing
State Purchasing Officers

From: Ellen H. Daley 

Date: November 20, 2018

Subject: Illinois Correctional Industries – Approved Commodity List and Purchasing Procedures

CC: Procurement Compliance Monitors
Procurement Policy Board

This CPO Notice is effective immediately.

Pursuant to the authority granted in Section 45-30 of the Illinois Procurement Code, the Chief Procurement Officer for General Services (CPO), in consultation with Illinois Correctional Industries (ICI), determines what supplies or services provided by ICI must be purchased by State agencies under the CPO's jurisdiction. The products on the mandated purchase list are high quality and at market-competitive prices.

ICI employs men and women offenders in meaningful work situations where they develop useable skills and positive work habits. These programs increase an offender's ability to find meaningful employment upon release and reduce recidivism. ICI operates at no cost to Illinois taxpayers and is self-supporting due to its product and service sales. The revenue ICI generates from the sale of its items fully funds its entire operation.

The CPO's determination of supplies that shall be purchased by State agencies is found on the *CPO Preferred Products List for 2018 - 2019* document attached to this Notice and located in BidBuy at <https://www.bidbuy.illinois.gov/bs0/external/purchaseorder/poSummary.sdo?docId=ICICATALOG&releaseNbr=0&parentUrl=contract>. The BidBuy Purchase Order Number is "ICICATALOG".

Orders off of the *CPO Preferred Products List* shall be placed in BidBuy following the procedures described in the Job Aid ROM ICI found in the Subject: Release Off Masters drop-down list at

<https://www2.illinois.gov/cpo/general/Pages/BidBuy/BidBuyTrainingResources.aspx>.

There are circumstances and situations where State agencies are not required to purchase these items from ICI. Some of these situations include:

- The source of funds being used to procure the item requires a competitive bid.
- A union contract or law requires the item to be procured from another source.
- ICI cannot provide the item meeting the necessary specifications.

CHIEF PROCUREMENT OFFICE

Ellen H. Daley, General Services

- ICI's pricing for the item is not as close to the market price as possible. If an agency believes a price being charged by ICI for an item on the attached list does not meet this guideline, then the agency may request arbitration pursuant to 730 ILCS 5/3-12-9.
- If an ICI preference conflicts with another procurement preference, then the CPO shall determine the order of priority.

When one of the above or other situations exist where purchasing from the required ICI product list is not lawful or practicable, then the State agency must complete and submit to the assigned State Purchasing Officer (SPO) the current version of the *Illinois Correctional Industries Preference Waiver*. The current version is V.19.1 and is found on the CPO's website at

<https://www2.illinois.gov/cpo/general/Pages/SolicitationandContractTemplates.aspx>.

The SPO shall notify the ICI representative, Justin Weigler at Justin.Weigler@illinois.gov, of the waiver request using the Reminder function in BidBuy. The ICI representative shall certify that the items requested are or are not readily available from ICI by responding to the SPO using the Reminder function in BidBuy. The SPO shall consider ICI's certification in the SPO's approval or denial of the waiver request. The SPO's decision shall be documented in BidBuy.

The CPO encourages State agencies to consider all of ICI's product and service offerings, including food, beverages, banners, office seating, embroidery, screen printing, clothing, and furniture when making purchasing decisions.

If there are any questions regarding this notice, please contact your State Purchasing Officer or the Chief Procurement Office for General Services at (217) 558-2231.
