Ellen Daley, General Services

## **Notice 2017.04**

### **General Services**

To: Agency Procurement Staff  
Central Management Services Bureau of Strategic Sourcing  
State Purchasing Officers

From: Ellen H. Daley 

Date: April 3, 2017

Subject: Illinois Correctional Industries – Approved Commodity List and Purchasing Procedures

CC: Ben Bagby, CPO for Institutions of Higher Education  
Procurement Compliance Monitors  
Procurement Policy Board

---

Pursuant to the authority granted in Section 45-30 of the Illinois Procurement Code, the Chief Procurement Officer for General Services (CPO), in consultation with Illinois Correctional Industries (ICI), determines what supplies or services provided by ICI must be purchased by State agencies and universities. The products on the mandated purchase list are high quality and at market-competitive prices.

ICI employs men and women offenders in meaningful work situations where they develop useable skills and positive work habits in order to reduce recidivism. ICI operates at no cost to Illinois taxpayers and is self-supporting due to its product and service sales. The revenue ICI generates from the sale of its products fully funds its entire operation. While nationally the recidivism rate is 50%, your support of ICI has allowed them to reduce ICI's recidivism rate to 18.3% in FY 2013.

The CPO's determination of supplies that shall be purchased by State agencies and universities is found on the *CPO Approved ICI List April 2017* document attached to this Notice. The document contains an item description, delivery time, and unit pricing. Please note that while the list no longer includes office seating or metal filing cabinets, the CPO and ICI have added hand sanitizers, hand soaps, and dispensers.

There are circumstances and situations where State agencies and universities are not required to purchase these items from ICI. Some of these situations include:

- The source of funds being used to procure the item requires a competitive bid.
- A union contract or law requires the item to be procured from another source.
- ICI cannot provide the item meeting the necessary specifications.
- ICI's pricing for the item is not as close to the market price as possible. If an agency or university believes a price being charged by ICI for an item on the attached list does not meet this guideline, then the agency or university may request arbitration pursuant to 730 ILCS 5/3-12-9.
- If an ICI preference conflicts with another procurement preference, then the appropriate CPO shall determine the order of priority.

# CHIEF PROCUREMENT OFFICE

Ellen Daley, General Services

When one of the above or other situations exist where purchasing from the required ICI product list is not lawful or practicable, then the agency or university must submit to the assigned State Purchasing Officer (SPO) a completed *Illinois Correctional Industries Preference Waiver* attached to this Notice. If the SPO agrees with the waiver justification, then the SPO will submit the waiver to ICI for their certification that the items requested are or are not readily available from ICI. Based on circumstances, the SPO will approve or deny the waiver. When the SPO approves a waiver, they must notify the CPO for General Services and ICI in all instances, and in the case of a university purchase also the CPO for Higher Education.

State agencies and universities may order through the ICI website at <http://www.ici.illinois.gov>. Agencies and universities are encouraged to consider all of ICI's product and service offerings, including food, beverages, banners, office seating, embroidery, screen printing, clothing, and furniture when making purchasing decisions.

If there are any questions about placing an order, please contact Illinois Correctional Industries Sales Center at (217) 735-6026.

If there are any questions regarding this notice, please contact Joe Kim from the Chief Procurement Office for General Services at (217) 558-2231.

## **Effective Date**

This CPO Notice is effective April 3, 2017.
